Mr. Norman Boggs
Executive Vice President
Radio Station WMCA
New York, N.Y.

Dear Mr. Boggs:

Thank you for your letter of October 24th.

I am still quite interested in using a tape of the Barry Gray program one time on W Y B C to give our audience an example of his unique broadcasts.

I feel sure that we could use about fifteen minutes or thereabouts of one of his most interesting discussions, and would not find it necessary to delete any of the commercials. Although I have not had a chance to listen recently, I believe that the commercial announcements are handled in a tasteful manner anyway.

The tape you send us will be returned as soon as we have broadcast it, which will be the following Tuesday after we receive it.

Cordially yours,

THE YALE BROADCASTING COMPANY

Howard Eaton, Jr.
Program Director
